

Mobile Field Force Tactics Course

May 18-20, 2021 8AM to 5PM

Course Overview

Using classroom discussion, hands on training and live fire exercises, Mobile Field Force members and commanders will be able to demonstrate their knowledge and ability to conduct good tactical applications of chemical agents and less lethal munitions in a crowd control setting.

The Student will be instructed on the following categories listed:

- Liability
- Equipment.
- Formations.
- Command and control.
- Munitions.
- Tactical Applications.

EQUIPMENT NEEDED:

- Gas Mask.
- Launching platform, 12Gg shotgun, 37mm or 40mm launcher.
- Nomex gloves.
- Appropriate Training Uniform; long pants, long sleeves, tactical shoes or boots.
- Munitions Pouches for less lethal. All Munitions will be supplied by the PACEM.

Prerequisites:

Must have attended a previous less lethal munitions class as at least an end user.

Instructors:

Our instructors for this class have hands on experience responding as a team to civil unrest situations. Our lead instructor, Travis Neese, is a certified instructor for Field Force Operations with over 18 years of SWAT and Mobile Field Force Tactics.
