

Shoot House Instructor Certification Course

November 13-15, 2023

9AM to 5PM

Course Overview

This course of instruction has been developed to provide certified firearms instructors with the knowledge and skills to conduct live fire and reality-based training safely and effectively in a shoot house environment. This will be accomplished through lectures, walk through, student performance, and student teaching back. This course is an instructor development course. This course is not a close quarter's battle or room entry course.

The student will be instructed on the following categories:

- Liability
- Shoot House Construction Considerations
- Ammunition Considerations
- Safety and Operational Protocols
- Lead Range Officer Roles and Responsibilities
- Range Safety Officer Roles and Responsibilities
- Room Entry Overview
- Shoot House Training Considerations
- Planning
- Safety Checklist
- Training Sequence
- Training Efficiency
