

## LESS LETHAL INSTRUCTOR COURSE

This instructor level course covers the entire line of munitions manufactured by ALS - Pacem Defense. Upon graduation, students will be certified to train others within their department as end users in the deployment and use of OC aerosols, kinetic energy impact projectiles, chemical agents, noise/flash diversionary devices and stun munitions.

### CONCEPTS & SKILLS:

|                                   |                     |                          |
|-----------------------------------|---------------------|--------------------------|
| History of Less-Lethal Munitions  | Legal Issues        | Chemical Agents          |
| 12 gauge, 37MM & 40MM Launchers   | Stun Munitions      | Diversionary Devices     |
| Use of Force Reporting Procedures | Range Safety        | Research & Trauma        |
| Direct & Indirect Munitions       | Deploying Munitions | Instructional Techniques |
| Technological Advancements        |                     |                          |
