## Master Less-Lethal Instructor

This is a course for current ALS certified Less Lethal Instructors, who have been certified at least twice as an ALS instructor, only. All graduating instructors will be able to teach the 3-day ALS-Pacem Defense Less Lethal Instructor class for your own agencies.

This course will be student driven. All students will teach a portion of the 3 day Less Lethal Instructor class, both the classroom and the range portions. Evaluation and testing will include: 80% grade or higher on all four of the subject block tests that are presented in the 3 day Less Lethal Instructor class, 80% or higher on the both the Adult Learning and ALS Product Line tests, classroom teaching presentation, range teaching presentation and range safety.

All students will be emailed a link to the most up to date PowerPoints for the 3 day Less Lethal Instructor class upon registration. It is advised that the student study the PowerPoints for a smoother classroom presentation, as well as up to date product knowledge.

There will be only 1 remediation on any failed portion of the class, if the student does not pass after remediation, tuition will not be refunded.
